Ways to use your stitching

- this pattern is ideal for making a super quick and fun birthday card; simply patch the design on to the front of a single fold card or use a pre-cut aperture card
- stitch a single flip flop or pair of flip flops on perforated paper or plastic to make a fridge magnet or keychain
- to make the cutest piece of Summer home decor for yourself or as a gift you can pop this into a 7.5cm (3 inch) embroidery hoop

Customising the pattern

- switch out the colours for any other colours you love, or pick colours you know the recipient will love. Each section is worked with 2 shades (a light and a dark shade) so pick any 2 shades of a different colour to substitute in.
- experiment with stitching this on different colour fabrics; blue for a seaside vibe, white for a modern feel or maybe black to really make the colours pop!
- add a little sparkle by using metallic or DMC Etoile threads either for the whole thing or just for the strap
- if you are stitching this for a birthday card you could find a small backstitch number set and stitch the recipient's age onto the flip flops
